## EMPLOYMENT OBJECTIVE

A results-driven IT professional specializing in Software Quality Assurance, with hands-on experience in functional testing, defect identification, and business requirement validation for enterprise applications. Proven ability to ensure software reliability through TMS and Quoting Tools testing, backed by strong analytical thinking and attention to detail. Committed to delivering high-quality software through effective cross-functional collaboration.

## EDUCATION

**INSTITUT TEKNOLOGI HARAPAN BANGSA**, Bandung, Indonesia - Undergraduate August 2027  
Sarjana Informatika, GPA 3.7

**Certiplus Program** December 2025  
at ITHB Career Resource Center  
Completed professional training in computer, communication, leadership, entrepreneurship and career planning skills.

**SAP University Alliance Program**  
at ITHB Career Resource Center  
Completed the SAP Configuration S/4HANA January 2026  
Completed the SAP Introduction to S/4HANA using Global Bike August 2025

**AWS Academy**  
at ITHB Career Resource Center  
Completed the AWS Academy Cloud Foundations (ACF) November 2025

## EXPERIENCE

**EFG Consulting - Remote**, Australia May 2026 - August 2026  
*EFG Consulting is an Australia-based consulting and remote talent solutions company that helps businesses build high-performing global teams by providing skilled professionals in IT, finance, HR, marketing, sales, and customer support through efficient and flexible remote hiring solutions.*

Intern, Software Quality Assurance

Performed quality assurance for the Transportation Management System (TMS) and Quoting Tools, ensuring software quality through functional testing, defect reporting, and validation of business requirements before production releases.

- Executed functional, regression, and user acceptance testing (UAT) for web-based applications to ensure product quality before release.
- Completed 50+ assigned testing tickets, validating new features, enhancements, and bug fixes according to business requirements.
- Identified, documented, and reported 23 software defects with clear reproduction steps, severity levels, and supporting evidence, facilitating efficient issue resolution by the development team.
- Utilized Postman to test and validate API endpoints supporting quote status workflows and notification systems, verifying correct behavior across multiple user roles (Client, Sales, GM, Operations).

- Collaborated closely with developers, project managers, senior QA engineers , and stakeholders to verify bug fixes and ensure compliance with quality standards.

#### **ADDITIONAL INFORMATION**

- Highly proficient in the following technologies:
  - Programming Languages : Java, Python, PHP
  - Databases : MySQL, PostgreSQL, SQLite, MySQL Server, Supabase
  - Project Management : Jira, Trello
  - Testing : Postman, Playwright
  - Office Suites : Microsoft Office (Word, PowerPoint, Excel)
  - Repository Manager : GitHub
  - AI Tools : Claude, Gemini, Grok
- Soft Skills
  - Problem Solving
  - Team Work
  - Communication
  - Adaptability
  - Time Management
  - Analytical Thinking
  - Attention to Detail
  - Quality Oriented
  - Ability to Meet Deadlines
  - Responsibility
- Assistant Lecturer at ITHB for Algorithm Lab (Aug 2025-Nov 2025); taught and guided 24 students in mastering Java fundamentals (variables, arrays, loops, conditional logic, sorting, basic OOP) while supporting weekly lab sessions, code reviews, quizzes, midterm, and final assessments, as well as ensuring smooth overall lab operations including workstation readiness and technical setup.
- Assistant Lecturer at ITHB for Platform-Based Programming (Feb 2026-May 2026); guided and mentored 35 students in developing full-stack web applications using React, Express.js, and Sequelize, covering component-based frontend development, RESTful API implementation, database integration, and MVC architecture. Supported weekly laboratory sessions, code reviews, practical assignments, midterm and final evaluations, while ensuring smooth lab operations and providing technical assistance throughout the course.
- Member of Internal Event and Finance Coordinator at ITHB Informatics Engineering Community (2024-2025 and 2025-2026)
- Proficient in English: reading, listening, writing.
